TECHNICAL SKILLS

Languages

C, JAVA, Python, JavaScript

Frontend

HTML5, CSS3, Tailwind CSS, Vite, React.js

Backend

Node.js, Express.js

Database

MongoDB

Cloud & Tools

AWS, Git, GitHub, VS Code

Core Concepts

DSA, OOP, REST APIs

CERTIFICATIONS

Introduction to Internet of Things (NPTEL)

Scored 85%, awarded Elite Silver.

AWS Certified Cloud Practitioner

Gained foundational knowledge of AWS cloud services and concepts.

AWS Cloud Quest: Cloud Practitioner

Reinforced AWS concepts through interactive, hands-on cloud challenges.

Python Essentials 1 & 2 – Cisco Networking Academy

Built strong Python programming and problem-solving skills.

Java Foundation Certification – Infosys Springboard

Learned core Java programming and object-oriented concepts.

Python Foundation Certification – Infosys Springboard

Acquired Python fundamentals and practical programming skills.

ACHIEVEMENTS

2nd place in Poster Presentation

Math Club

3rd prize in Poster Presentations (Won twice)

Prakruthi Club (Environmental Club)

3rd place in the University-level Basketball Tournament

JNTUK

Coordinator for a coding contest and Prakruthi Club events

- Coordinated coding events and actively participated in online and offline coding contests.

CAREER OBJECTIVE

Aspiring CSE Student with a strong foundation in programming fundamentals, full-stack web development and RESTful API development. Experienced in building scalable web applications using React, Node.js, Express.js and MongoDB with cloud deployment exposure. Eager to apply problem-solving skills, learn new technologies and contribute effectively in a collaborative development environment.

EDUCATION

Bachelor of Technology in Computer Science and Engineering (CSE), Lakireddy Bali Reddy College of Engineering (Autonomous), Mylavaram, India

06/2023 – 05/2027 | Mylavaram, India

- Affiliated to Jawaharlal Nehru Technological University, Kakinada
- CGPA: 9.11/10 (pursuing)

Intermediate

Andhra Pradesh Sri Chaitanya Junior College, Vijayawada

06/2021 – 04/2023 | Vijayawada, India

- Board of Intermediate Education, Andhra Pradesh
- Percentage: 93%

Secondary School Certificate (SSC)

Andhra Pradesh Sri Chaitanya School, Vijayawada

06/2020 – 04/2021 | Vijayawada, India

- Board of Secondary Education, Andhra Pradesh
- GPA: 10/10

PROJECTS

Explainable AI for Stock Market Trend Prediction and Investment Decision Support, (Ongoing)

Developed an Explainable AI-based stock market prediction system using Random Forest and LSTM models. Integrated SHAP and LIME for transparent, interpretable predictions to support investment decisions. Applied feature engineering with RSI, MACD, and Moving Average, evaluating performance using standard ML metrics.

FutureMe AI - Full Stack AI Personal Growth SaaS

<https://future-me-flax.vercel.app>

Built a full-stack AI-powered SaaS using React, Node.js, Express, PostgreSQL, and Google Gemini API. Implemented AI-driven features, JWT authentication, personalized AI memory, and deployed the application on Vercel and Render.

ThinkBoard - MERN Stack Application

Developed a full-stack MERN application using React, Express.js, MongoDB, and RESTful APIs for content management. Built a responsive interface and deployed the application with a production-ready configuration on Render.

System and Method for Real-Time Driver Behavior and Safety Monitoring

Developed an AI-based driver behavior monitoring system using facial tracking, OBD-II telematics, accelerometer, and gyroscope sensors. Integrated multi-sensor data to detect driver fatigue, distraction, and unsafe driving behaviors. Applied AI and machine learning algorithms to improve detection accuracy and reduce false positives.

INTERNSHIP/ INDUSTRIAL TRAINING

Intern, WISER- The Washington Institute for STEM, Entrepreneurship and Research

Present

- Contributed to QISE's quantum computing education initiatives by supporting Learning Management System (LMS), IT operations, and student engagement activities.
- Collaborated with cross-functional teams to enhance learning experiences while strengthening technical and organizational skills.

Project Intern, Infosys Springboard

Working on the Intelligent Cognitive Alarm Platform as part of a collaborative team project under mentor guidance, gaining hands-on experience in software development and project execution.

Virtual Intern - Cybersecurity, Cisco

Gained practical experience using Cisco Packet Tracer and learned core cybersecurity concepts.
